Georgetown, M.P Church, Delaware

To the Methodist Protestant:-

At the request of the Editor of this paper I will endeavor to give a brief history of our organization and its work in this place. In the year 1891, Rev L. A. Bennett, then pastor of Georgetown, Circuit, took a survey of conditions existing in this town, and felt that there was room for a Methodist Protestant Church and bent his efforts in this direction. He rented a room over Mr. Black's grocery store on Railroad Ave, fitted it up and began regular services. At this time there were only two Methodist Protestants in this town, Bros. Thomas P. Walls and wife, who had moved here from Dover and Leipsic charge. The movement had many sympathizers and great interest was manifested in the very beginning. The Lord honored Bro. Bennet's labor with a gracious revival which resulted in the purchasing of a lot and the erection of the present church building, the following year (1892). This new appointment was added to the Georgetown Circuit and remain in that relation during the three years pastorate of Bros. Bennett's and Rev. J. H. S. Ewell who succeeded him (1894-1901).

The work gradually developed and the Conference of 1901, at the request of the Church made this a Station and since has been known as Georgetown Charge.

Rev. J. F. Bryan was the first pastor to serve in this capacity, which he did most effeciently for two years. Up to this this time the church had no home for their pastor, so were compelled to rent whersoever they might find a vacant house. This was not in keeping with the progress of the work so Rev. William H. Litsinger who succeeded Bros, Bryan, has the honor of having erected on e of the best parsonages in this District. The ground on which it was built was purchased by Bros. Thomas P. Walls, and donated to the church (\$500.00). Bros. Litsinger served the work one year, and was followed by Rev. E. D. Stone.

During the pastorate of Bros. Stone he tried to purchase the corner lot adjoining the parsonage property but was unsuccessful. He most faithfully served the work for one year, and was followed by the writer, who tried faithfully to perform his duties. Upon our arrival we found an earnest people, who cordially received us. We began at once to complete the work, where our predecessor had let go. The parsonage was painted, papered and fitted up with electric lights. The lawn filled in graded, shade trees planted and put in lawn grass.

The corner lot adjoining the parsonage, the church had been trying hard to purchase was at last secured and in May 1906 the church building was moved diagonally across the street to the new location. The church building then was thoroughly renovated, the interior papered and painted with a coat of paint on the exterior, making the finest located church property in this town. Our lot 130 ft.x240ft. with a California privet hedge on front and side. The property valued at \$7,000.00.

The old lot on which the church stood was sold for \$500.00, when fourteen years ago it was bought for \$250.00, making an increase in valuation of property 100%. There is a membership of over 200. Sunday School of 200. Sr. C. E. Society of 71. Jr. C.E. Society of 72. One of the greatest revivals in the history of the church has just closed, fifty accessions. 110 members have been added in the last three years. I prophesy in the next five years there will be erected a beautiful auditorium, making the present building a Sunday School room, which is much needed at this time. The outlook is bright for this charge and all departments of church work is in a most healthy condition. Humbly the pastor,

Howard O. Keen

March 11, 1908.

Chartered Members 1901.
